| Cut precision         | $\pm(0.5+0.002*L)$ mm, L=cut length  |
| Cutting length        | 45-9999mm  |
| Capacity              | 3000-4500pcs/hour  |
| Crimping force        | 2.0T   |
| Applicators           | 30mm or 40mm strokes for optional  |
| Air pressure          | 0.4-0.6Mpa   |
| Detection             | Wire run out, low air pressure, terminate error (Crimping force monitor is optional) |
| Power                 | 220V/110V/50/60HZ  |
| Display language      | English  |
| Dimension             | 700*800*1500mm   |
| Weight                | 358Kg  |

## Features:

- This is a fully automatic 2-ends wire cutting, stripping, and crimping machine for AWG28~AWG12.
- The highly flexible and electronically controlled bench top unit accepts most universal or mini-style applicators for crimping both side-feed and rear-feed open barrel terminals.
- You can also save your settings in a program file number, so that you can easily retrieve them next time.
