

Automatic Cable Cutting & Stripping Machine.

Product Code: GMT-204

WIRE PROCESS MACHINES SERIES

Model: GMT-204

Specification	Details
Wire material	Wide range of industrial wires
Conductor cross-section	1.5 - 35 mm ²
Cutting length	1 - 100,000 mm
Cutting length tolerance	< 0.002 * L
Stripping length (side I)	0 - 250 mm
Stripping length (side II)	0 - 120 mm
Slitting function	Optional
Maximum guide tube diameter	16 mm
Driving mode	8-roller with belts driving
Display mode	7-inch touch screen
Memory capacity	100 materials
Blade material	High speed steel
Productivity	1500 - 2000 pcs./h
Power supply	110, 220 V (50 - 60 Hz)
Power	650 W
Weight	70 kg
Dimension	560 x 520 x 450 mm

Features:

- This machine is mainly suitable for processing wires in such industries as electronic products, electric appliances, toys, and auto and motorcycle parts, etc.
- High precision and productivity solutions for wire cable cutting and stripping.
- Easy to operate program and low maintenance.
- Safety protection.
- Optional external device connection possibility: Wire feeding machine, and wire take-out device.
- Works with many kinds of wire insulation including PVC, Teflon, Silicone cable, and wire fiber glass.
- Support Stripping lengths: Half Stripping, Full Stripping, multi-step stripping.
- With 100 memory programs, easy to operate program with low maintenance.
- 1 year warranty, life-long maintenance.
